FLOW COLLECTION

shelter[®]

shelter^{•S}

IN ADDITION TO THEIR PRIMARY PURPOSE OF HEATING, SHELTER FIREPLACES ARE EXCLUSIVE DESIGN PRODUCTS, WITH A STRONG DECORATIVE COMPONENT, MARKING THEIR PRESENCE AND DOMINATING THE SPACE, THUS TAKING A FEATURED ROLE IN ANY ENVIRONMENT WHERE IT IS INSERTED.

SHELTER focuses its activity on the development, production and national and international marketing of metal fireplaces exclusive design, burning wood and bioethanol, distributing its product line in 4 distinct collections:

Flow Collection - Collection of suspended fireplaces;

Settled Collection - Floor-standing fireplaces / integrated into furniture;

Out Collection - Collection of outdoor fireplaces;

In parallel with its permanent collection, Shelter also allows the development of an integrated project from your office development, in direct collaboration with the client, with the purpose of giving a clear response to the needs of each case.

Striving for the quality and exclusivity of its products, Shelter has a multidisciplinary team in the area of architecture, design of the product and interior, ensuring tools and luggage necessary for the development of all its products.
